

CatScience - 2019

International Conference on

Catalysis Science and Chemical Engineering

December 2-4, 2019

Venue

Mantra Bell City
215 Bell Street
Preston, VIC 3072
Australia

About Conference

International Conference on Catalysis Science and Chemical Engineering (Catscience) will be held from **December 05-07, 2019** in **Melbourne, Australia**. This conference will showcase the latest advances realized in Chemical Engineering moving with the theme "Advances and Challenges in Applied Catalysis". It dedicates to create a stage for exchanging the latest research results and sharing the advanced research methods. Catscience will be a valuable and important platform for inspiring international and interdisciplinary exchange at the forefront of Catalysis. Over the course of 3 days, internationally-renowned speakers will describe how their research journey have developed in response to contemporary challenges: inspirational lessons in chemical initiatives and creativity. The attending experts and industry partners will also provide a fantastic networking experience. The Conference will bring together academicians, chemists, scientists, and engineers/technicians from all over the world, and we hope that you will take this opportunity to join us for academic exchange and visit the city of Melbourne.

The Conference aims at bringing together professors, researchers, scientists, academicians and other professionals in chemical engineering community to exchange and discuss their original research results, practical development experiences, technological achievements and new ideas for further chemical networking.

Catscience will provide a dedicated platform to peer researchers, young inspired scientists, academicians, and industrialists to meet, discuss and share the knowledge that's still more to be revealed in the field of Catalysis and Chemical Engineering.

Catscience provides a common ground for chemical engineers, researchers from industry and academia to discuss recent developments and future trends in the field of catalysis and chemical engineering. The conference discusses about the core of many chemical and biochemical process involving catalysts and fosters groundbreaking research and collaboration.

The meeting features highly informative and interactive sessions to encourage the exchange of ideas across a broad range of disciplines including the latest chemical technologies and we hope that you will take this opportunity to join us for academic exchange and visit the city of Melbourne.

Catscience Welcomes you to the most beautiful Oceania..!!!

Concept

The purpose of the Catscience Conference is to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Catalysis

Agenda

The conference is a unique opportunity to present your latest research, hear to valuable intelligence and information. This is place where world leaders come to talk and listen

Networking

Unique networking opportunity across worldwide where the world's leading renewable CEOs, business heads, decision, and policy makers, choose to present their latest innovations

Catalysis Board

Huijun Zhao
Griffith University
Australia

John Zhu
The University Of
Queensland
Australia

Guoxiu Wang
University Of
Technology
Sydney, Australia

Hamid Arandiyan
The University Of
Sydney, Australia

Hua Chun Zeng
National
University Of
Singapore,
Singapore

**Mannar Ram
Maurya**
Indian Institute
Of Technology
Roorkee, India

**Alejandro
Montoya**
The University Of
Sydney, Australia

Roger S. Reiss
Optomechanical
Engineering
Ma, USA

Scientific Sessions

- Photocatalysis
- Catalytic Materials & Mechanisms
- Material Sciences
- Chemical Synthesis and Catalysts Synthesis
- Polymer Science and Engineering
- Environmental Catalysis
- Electrocatalysis
- Green Chemistry
- Catalysis and Energy
- Integrated Catalysis
- Organometallics and Catalysis
- Industrial Catalysis
- Fluid Mechanics
- Nanocatalysis
- Organic & Inorganic Catalysis
- Chemical Kinetics
- Catalysis for Renewable Sources
- Molecular Catalysis
- Enzymes and Microbial Technology
- Applied Catalysis
- Catalysis & Pyrolysis
- Catalysis & Zeolites
- New Trends in Catalysis

Dates to remember

Conference Dates: November 18-20, 2019

Abstract Submission Opens: **April 09, 2019**

Early Bird Registrations: **EndMay 08, 2019**

Mid Term Registrations: **After May 08, 2019**

Registration Closes: **November 20, 2019**

Special Features

- Panel discussions
- Interactive poster session
- Cross-disciplines
- Collaborations
- Mentoring from senior faculty
- Networking during customized social hours

Registration

All participants, except non-attending co-authors, must pay the appropriate registration fee.

Category	Academic	Business	Delegate	Student
Early Bird Registration	AUD 799	AUD 849	AUD 699	AUD 549
Mid Term Registration	AUD 999	AUD 1049	AUD 899	AUD 749
On Spot Registration	AUD 1109	AUD 1449	AUD 1299	AUD 949

Accommodation

December 01-03, 2019 (3 Nights)

Single Occupancy

AUD 600

Double Occupancy

AUD 675

To register online: https://unitedscientificgroup.com/conferences/catalysis/registration_form

Registration includes

- Access to all conference sessions, workshops/symposiums and exhibitor/sponsors booths
- Conference material
- Lunch, tea / coffee breaks during the conference days
- WiFi in meeting rooms
- Discounted Parking

• Sponsorship •

Support the event and take the advantage of getting connected with your target audience!

The PRISM Scientific Services organizes interdisciplinary international conferences to showcase on cutting-edge basic and applied research outcomes within life sciences including medicine and other diverse role of science and technology in society.

CatScience-2019 three-day conference will give attendees a chance to interact, learn, and engage with the business leaders and industry's foremost researchers, while tackling the pressing issues that face the new generation. Participants will be top level representatives from sectors like prominent commercial; regulatory; scientific organizations and academic institutes.

PRISM offers several opportunities for sponsors to demonstrate their support towards science and its people by providing financial contributions to facilitate the presentations of noble research findings, hospitality and other necessary management for the scientific gathering.
